

Level Up Your Organisation with PMI Adelaide Chapter

About Us

The PMI Adelaide Chapter was founded in 2003, it is run by volunteers and provides members with opportunities to meet with peers from different industries, enhance their project management knowledge, and participate in events, workshops and volunteering.

The PMI Adelaide Chapter is one of the 280 global Chapters of the Project Management Institute (PMI®), the world's leading association for the project management profession.

PMI for Organisations

Enterprise & Commercial Partners

Empower your employees with world-class certifications and training in project management, AI, and portfolio management that positively impact your business.

Government

Government projects often involve significant complexity and risk. Our standards, best practices and certifications help governments navigate projects more effectively.

Training Partners

The PMI Authorized Training Partner Program is a network of people, resources, and offerings designed to help organizations become visible among PMI customers.

Academic Institutions

Demand for project management is rising— explore solutions that promote the reach, quality, and relevance of your academic programs as you prepare the project leaders of tomorrow

Non-Profits and NGOs

Discover how PMI can offer substantial support. Project Management Institute (PMI)® provides significant assistance to non-governmental organizations (NGO) in various ways.

Others Resources

Elevate your team with PMI Training

Empower your team with expert-led project management and agile training. Virtual or on-site, customized to your goals. PMI Training offers a team training program, available for groups of 20 or more, that is live and highly interactive for your staff's professional development. [READ MORE »](#)
