PMI Adelaide University Awards

Project Management Institute Prize

The Project Management Institute Prize will be awarded to a student achieving the highest grade point average (GPA) upon completing their final year in the Graduate Certificate in Project Management (ICPM) program, and in the opinion of the Program Director, has performed with great distinction throughout his/her program.

The student will be invited to provide a five minute talk on one of their student projects or another academic achievement at the Project Management Institute Christmas Party.

Value: \$500, plus reimbursement of a one year PMI Membership (excluding local chapter fees).

Awarded to: Katrina Panagiota van Zanten

Recipient Bio

Name: Katrina Panagiota van Zanten

I have arrived at project management through a somewhat unusual career path. I started out as a medical researcher, first in mosquito borne diseases and then leukaemia research. To spend more time working with people (rather than in a laboratory), I moved into commercialisation of science and research more broadly, first in R&D Tax and then State Government. This led me to the CRC for Cell Therapy Manufacturing, where I was appointed as a project manager after some time as a project administrator/coordinator.
